

Ortho Clinical Diagnostics

Ortho Clinical Diagnostics Named One of India's Top 50 Great Mid-Size Workplaces in 2018

September 25, 2018

Company achieves ranking based on positive employee experience and high-quality people practices

Ortho Clinical Diagnostics (Ortho), a global leader of in vitro diagnostics, has been named one of India's Great Mid-Size Workplaces 2018 by Great Place to Work[®] Institute, an institute focused on building, sustaining and recognizing High Trust- High Performing Cultures[™]. This highly coveted recognition is a result of the largest workplace study in the mid-size category in India.

"We are committed to being a great place to work because our employees do important work every day: They improve and save lives with diagnostics," said Beatriz Lopez-Galvis, chief human resources officer of Ortho Clinical Diagnostics. "We foster their passion for meeting the needs of the hospitals, labs and blood banks we serve by providing a workplace that is engaging and rewarding."

Ortho has posted steady growth, year-over-year, in terms of revenue and people, since becoming an independent company in 2014. In the last several years, Ortho has hired more than 2,600 new employees and continues to recruit and attract talent around the world.

"India is an important market for Ortho and our industry-leading products are well-suited for the health care landscape that we serve," said Ravi Sinha, Country Director – India. "We're officially certified by Great Place to Work in India and this latest recognition is a testament to Ortho's encouraging environment and impactful people practices."

The Great Place to Work assessment started in December 2017 and surveyed Ortho's India-based employees. The list of the top 50 mid-size companies was announced in a special issue of the daily business publication Mint.

About Ortho Clinical Diagnostics

Ortho Clinical Diagnostics is a global leader of in vitro diagnostics serving the global clinical laboratory and immunohematology communities. Across hospitals, hospital networks, blood banks, and labs in more than 125 countries and territories, Ortho's high-quality products and services enable health care professionals to make better-informed treatment decisions. For the immunohematology community, Ortho's blood typing products help ensure every patient receives blood that is safe, the right type and the right unit. Ortho brings sophisticated testing technologies, automation, information management and interpretation tools to clinical laboratories around the world, helping them run more efficiently and effectively, and improve patient care. Ortho's purpose is to improve and save lives with diagnostics, and it does that by reimagining what's possible. This is what has defined Ortho for more than 75 years, and it's what drives Ortho forward.
